

## IAML News

The next IAML conference begins the last day of August, and runs until September 5, in Geneva, Switzerland. It will be at the University of Geneva, situated just off the Place Neuve.

As usual, there will be many presentations about various aspects of music and music librarianship in Switzerland, as well as a variety of other topics. The mid-week excursions include discovering Geneva's vineyards, and an excursion on Lake Geneva to Vevey and Montreux.

Next year elections for a new IAML Board will take place. We have received a goodly number of nominations for the offices of President and Vice Presidents. Hopefully the ballot will go out in an issue of *Fontes* early in 1998.

Next year's congress (each third meeting is a congress) will be in Spain, in San Sebastian (and we hope that there will be no problems with the Basques!), June 22-26, so, if you fancy a holiday in Spain, start saving up the pesetas now!
