NEW ACQUISITIONS

Two significant donations of musical interest were received by the University of Western Ontario in December 1983, and will be housed in the Gustav Mahler/Alfred Rosé Room of the Music Library.

The first is the Mahler/Rosé Collection. This Collection, presented to the University by Maria Rosé, widow of Alfred Rosé, the nephew of Gustav Mahler, and a former member of the Music Faculty, consists of several hundred letters and documents written by, or relating to, Gustav Mahler, his family, friends and associates. The Collection also contains manuscripts of compositions by Mahler and by Rosé.

Dr. Philip Downs of the Faculty of Music, has called the Collection an invaluable addition to the University, and has indicated that the Faculty "is very fortunate to have acquired access to some of these treasures which are rapidly on their way to becoming priceless."

The second donation comes from Gordon D. Jeffery, a London lawyer and musician. Mr. Jeffery purchased at Sotheby's in London, England, a fragment of the autograph score of the Rondo for piano and orchestra, K. 386, by Wolfgang Amadeus Mozart. He has generously donated this rarity to the University, and has requested that it be housed in the Music Library.

There is an unusual bit of history attached to this fragment. Apparently the complete manuscript was once in the possession of William Sterndale Bennett, who, in order to distribute small souvenir tokens to his friends and colleagues, CUT IT UP with scissors and handed it around! That's the story that Sotheby's gives at any rate. With the discovery of the 10-bar fragment now in the Music Library, scholars can trace approximately 120 of the original 252 bars of the piece.
